

## **NORTH-EAST WALK across dam, waterside & nature hills, approx 3,1 km, 1 hour walk**

Difficulty: **light**, one path is a bit rocky, reasonable climbing and descending of some paths.

Mind! The path in point 11 is small and is not very clear to see, it has a lot of plants on it; look out and be careful (long trousers are best).

You make this walk on your OWN responsibility. In no way are we responsible for any mistake, lost way, wrong information, injury or whatsoever. It's always better to walk with 2 or more persons together. Before and while walking it is best to drink water, especially when it's warm weather, so remind yourself of taking enough with you as you start. (The restaurant/terrace sells small and big bottles of water and has several (healthy) food items to take with you or eat when you return or before you leave. Openinghours: daily from 11-18 h, only closed on Mondays ( tel: 282 687 810 or mobile: 936 608 220 )

READ the instructions carefully and if you find anything that's not correct or not clear, please inform us, so we can adjust it! Thank you for your cooperation and we wish you a nice WALK.

**Please: Do NOT throw away garbage or waste, keep Mother Nature clean!**

ROUTE DESCRIPTION ----- **Please: do NOT throw away garbage or waste, keep Mother Nature clean!**

1. Walk downstairs from the forrest terrace behind restaurant Hansel & Gretel and go left to the damwall.
2. Once below you cross the dam and follow the path to the left.
3. Walk along the waterside.
4. Follow the main path and keep RIGHT, bend away from the water (see map).
5. On top of hill where 5 paths come together, keep STRAIGHT FORWARD (=3rd. path clockwise–see map).
6. these points have to be clarified in practise.....can you do that? Make a clear description please....
7. ....
8. ....
9. .... and mail it via our website (see below)....
10. At T-junction go right and keep following this path towards the dam.
11. Find the smaller path to the LEFT that goes down the hill. MIND! This path has a lot of grass and plants!
12. End of path turn LEFT and walk back to the dam and then up the hill via the road going around to the parking.
13. Walk up to the restaurant and get yourself something to drink and eat on the terrace, because.....

**You Made It Back!**
